OWNED AND OPERATED LABS

SCST owns and operates geotechnical and materials laboratories throughout California, including one of the most complete and sophisticated labs in San Diego County. Other locations include:

- Pico Rivera
- Beaumont
- Indio
- Central Valley - Coming Soon!

INSPECTORS AND TECHNICIANS

In order to provide high quality and consistent service to our clients, all inspectors and technicians are regular/fully benefited employees of SCST. We do not contract with third parties.

BUDGET MANAGEMENT

SCST works closely with clients to ensure they don't exceed their budgets for our special inspection & materials testing services. Ask us how we help your team stay on schedule and manage line item budgets to meet project goals.

ENGINEERING TEAM

Led by Emil Rudolph, PE, GE, our highly skilled and professional team of engineers and geologists have approximately 270 years of combined industry experience.

BUILDING IT RIGHT SCST PRIVATE LAB TOUR AND PRESENTATION

YOU'RE INVITED!

Interested in learning more about SCST? Schedule a private lab tour and lunch presentation for your team. Meet key personnel, tour the most complete and sophisticated lab in San Diego County, and receive a brief presentation regarding our services tailored to your specific needs and interests.

Schedule online at www.scst.com/lab-tour
or contact Mandy Serrano at mserrano@scst.com or 619.528.4713.
